CYCLING

Those who are keen on cycling will really enjoy the quiet roads and breathtaking landscapes that Lanzarote has to offer. You can take an easy ride along paths with wonderful sea views and stop for coffee in a local pub or maybe you would prefer a rougher landscape in the style of the Iron Man competition, with panoramic views of volcano's and distant horizons.

You can choose one of the following excursions:

Guided bike tour to the historic town of Tegüise

Price: 45 € per person

includes the services of a guide, entrance to historical buildings, hire of bike and helmet, etc. and a cold drink

Level: easy – a family bike ride which is suitable for children

Duration: half a day

We warm up by cycling through a serene valley, which will lead us to a viewpoint over the beautiful west coast of Lanzarote and its nearby islands of La Graciosa and Alegranza. The highlight of the tour is a visit to the medieval town of Tegüise, where we will discover some fascinating facts about local history and culture and where we can also have a coffee break. The way back to Costa Tegüise is a fun ride downhill all the way.

Salt fields

Price: 40 € per person incl. guide, bike and helmet

Level: medium to advance

Day of excursion: Saturday

The purpose of this excursion is to visit local functioning salt fields. The past history of Lanzarote is connected with salt making and the local salt fields are really unique. During this excursion we will be cycling roughly 40 km through volcanic landscape, following carefully chosen paths. We will be admiring sea shore views and, if we are lucky, we will spot an endemic bustard. This bird is an endangered species which only lives in this area.

Whole day biking

Inc. all material, services

of a guide and a picnic

Level: medium-high

Duration: whole day

This is your personal bike ride. Tell us what you would like to see and we will ensure that your day encompasses these experiences as well as including excursions into some of the most beautiful places on the island. This excursion requires you to be fit and have a reasonable level of biking experience. However, it is not a competition, because we will have enough time to rest, relax and recharge.
