

Join us for a

BOAT TRIP ADVENTURE

to the **MARINE RESERVE**

To the north of Lanzarote lies one of the most beautiful natural spaces of the Canary Islands – the Marine Reserve of the Archipelago Chinijo. Discover it during a pleasant private excursion on a small boat!

PRICE: 65 EUR

09:00 – 17:00 HRS

This excursion includes:

- Transfer to Orzola Port
- Boat excursion around the islands of the Reserve (snorkeling optional)
- Choice of : - 1.5 hr coast walk including ascent of a small volcano (optional) sea kayaking (optional)
- Full three course fresh fish lunch including water, wine and coffee
- Ferry transfer to Lanzarote & bus transfer to hotels

During an approximately 2-hour boat ride we will discover the hidden face of the islands La Graciosa, La Alegranza and Montaña Clara. We will admire the unpolluted beauty of this place and rest or snorkel on one of its deserted beaches. Then there will be two options to get to our destination, a small fishermen's village: either trekking for 1.5 hours atop a small volcano and across the sand dunes (easy level) or sea kayaking around the coast. In the village we will be rewarded for our efforts by a sumptuous three course lunch of fresh grilled fish, before returning to Lanzarote and the hotels.

During the whole day, professional multilingual guides will share with you their deep knowledge of local nature and history. The reduced amount of people in this excursion will make this day a private and fun experience.

Observations:

Clients should bring extra warm clothing in their backpacks, swimsuits, comfortable walking shoes or sandals, towels, sunscreen, water and a light snack. Lunch will be served at 3.00 p.m.
